## WELL SUITED

TRANSPORT ■ GOLD COAST

### Harbor Heaven

A Greenport hotel offers a luxurious getaway on the North Fork.

In the heart of Greenport on the Peconic Bay beach, lies the Harborfront Inn. Do not be fooled by its charmingly shuttered exterior; inside it is contemporary to the core. The 35 guest rooms boast the finest Frette bed and bath linens, goose-down comforters and custom robes, while stone-tiled bathrooms feature Kohler fixtures and limestone countertops. Book one of the five oversize suites, most with private balconies overlooking the bay and one featuring an 800-square-foot terrace suite with a glassed-in shower and private patio with teak furniture. Either way,

you will savor spectacular views of the water and nearby Shelter Island.

If you have the urge to wander, more than two-dozen world-renowned vineyards and wineries are just minutes away, scattered across 3,500 acres of the North Fork. Or take the kids for some aquatic fun at the Long Island Aquarium & Exhibition Center in Riverhead or Splish Splash water park in Calverton. However, if antiquing is your true calling, this seaside town is truly a treasure trove. 209 Front St., Greenport, 477-0707; [theharborfrontinn.com](http://theharborfrontinn.com)—LYNDSAY MCGREGOR
